You will note that the amount of \$6,598.65 paid during FY 1958 under ST-507 and \$27,627.54 under HF-4060 totals \$34,226.19. This total amount is \$26.00 less than your reported totals or the amount representing disallowance of rent at the Desert Villa in which you concurred. The adjustments in your billings were made in order to charge the services rendered to the proper contracts.

It is requested that you review the above remaining payments and balances. In the cases where final claims have been submitted we will remove the surplus funds for use in other areas if you agree with our payment record. On the contracts that you indicated in September as not having final billings, please indicate whether any of these now are completely billed and if so if your records agree with our payment record as being the final claim. The differences in most instances are due to disallowances which we assume you agree with. In the event you feel the final amounts should be other than our payment amounts please submit your detailed explanation.
